

Smart Camera

Model HC200

Product Overview

The HomeSight Smart Camera provides a connection, right at the TV, and with a simple remote control with:

- Video calling (1:1, or group up to 10 on Web, mobile app, or TV) through a secure and private connection with optional auto-answer
- Automatic privacy shutter and mic (opens only for video calls)
- Messaging, calendar / task reminders and local weather on TV
- Photo and videos shared from Mobile app, displayed on TV
- Automatic TV source switching and optional TV wake-up
- Optional Interoperability with wellness devices (paired via Bluetooth) for health readings
- Integrated with the HomeSight system (Web portal for Staff and Family, Mobile app and accessories) and managed service with automatic software downloads
